The course lesson plans are presented with proven educational methods. All subjects are taught with interactive lessons, demonstrations, labs, student salon and student participation. Guest speakers, field trips, projects and activities are also used throughout the course.

Grading Procedures: Students are graded in three different areas at the school.

1. Technical – includes completing all assigned tasks and skills.
2. Academic – includes workbook, review questions, writing prompts, tests on chapters, anything considered theory work.
3. Employability – includes being prepared for class, cooperation, positive attitude, uniform code, duty and tasks complete. Attendance is included in employability.

Students must maintain a satisfactory grade average of 75% or higher and attendance of 80% or higher. Students must make up all failed or missed assignments and tests.

8. ATTENDANCE POLICY

Noe' Noonan School of Cosmetology offers programs that require class attendance to acquire the skills and knowledge necessary to be successful in the workforce. Classes start at 8:00 am and run until 3:00 pm. Students receive 32.5 hours per week (6.5 hours per day). Student attendance is recorded and is part of the student's overall grade. Students that are tardy may be asked to wait to clock in until the next scheduled break so as not to disturb the class. Students must maintain good attendance or risk having to pay overtime charges. Attendance falling below the required minimum of 80% that is not remedied may put the student at risk of warning, probation, overtime charges or dismissal from the program.

Students must contact the school if they are unable to attend that day. This is a requirement that will follow the student into the workforce. All absences are required to meet the makeup policy (13).

The school shall assume termination by the student if he/she is absent from class for ten consecutive days without notification. The last day of attendance will be used for refund calculation.

9. LEAVE OF ABSENCE

A Leave of Absence (LOA) is a temporary interruption in a student's program of study. LOA refers to the specific time period during an ongoing program when a student is not in academic attendance. The school may allow more than one LOA at its discretion. Students must request a Leave of Absence in advance unless unforeseen circumstances prevent the student from doing so, and that:

- The request must be in writing
- The request must include the student's reason for the LOA; and
- The request must include the student signature

The reasons for which a leave of absence may be approved include:

- Personal and/or family medical issues
- Death in the family
- Other mitigating circumstances

The institution may grant an LOA to a student who did not provide the request prior to the LOA due to unforeseen circumstances if:

- The institution documents the reason for its decision
- The institution collects the request from the student at a later date; and
- The institution established the start date of the approved LOA as the first date the student was unable to attend.

If approved, the official Leave will extend the contract period by the same number of days designated in the leave document or actually used by the student. No additional charges will be assessed as a result of an LOA. A student granted an LOA in accordance with this policy is not considered to have withdrawn and no refund calculation is required at this time.

The Leave of Absence and any additional approved leaves of absence may not exceed a total of 180 days in any twelve-month period. For federal aid recipients, the student's payment period is suspended during the LOA and no federal financial aid will be disbursed to students while on a Leave of Absence. Upon the student's return, the student will resume the same payment period and coursework and will not be eligible for additional Title IV aid until the payment period has been completed. If the student is a Title IV loan recipient, the student will be informed of the effects that the student's failure to return from a leave may have on the student's loan repayment terms, including the expiration of the student's grace period. A contract addendum will be completed and signed by all parties upon return from the LOA to extend the ending date by the same number of calendar days taken in the LOA.

A student will be withdrawn if the student takes an unapproved LOA or does not return by the expiration of an approved LOA and the student's withdrawal date for the purpose of calculating a refund will be the student's last date of attendance.

10. OVERTIME CHARGE

Students exceeding their maximum time limit (125%) for completion without providing documentation for the appeals process regarding extenuating circumstances for the Director's review as outlined in the enrollment agreement will incur additional charges at an hourly rate.

The overtime hourly rate during school year 2023 – 2024 will be \$15.00 per hour. When a student hits their maximum time limit, they will be terminated or withdrawn from the program and will need to re-enroll. To graduate, students must satisfy all overtime charges prior to graduation.

11. UNIFORM, DRESS CODE AND PROFESSIONAL APPEARANCE

The PA State Board of Cosmetology requires all students to wear uniforms during their training. To remain in compliance with the State Board's rules and regulations, Noe' Noonan School of Cosmetology requires all students to wear uniforms provided by the school. - Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress.
- Evaluations are completed within 7 school days.

Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress.

ATTENDANCE PROGRESS EVALUATIONS

Students are required to attend a minimum of 80% of the hours possible based on the applicable attendance schedule in order to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 80% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

MAXIMUM TIME FRAME

The maximum time (which does not exceed 125% of the course length) allowed for students to complete each course at satisfactory academic progress is stated below:

COURSE	MAXIMUM TIME ALLOWED	
	WEEKS	SCHEDULED HOURS
Cosmetology (Full time, 39 /wk.) – 1250 Hours	48.06 Weeks	1562
Teacher (Full Time, 15 wk.) – 500 Hours	19.23 Weeks	625
Esthetician (Full time, 9 /wk.) – 300 Hours	11.53 Weeks	375
Nail Technician (Full Time, 6 /wk.) – 200 Hours	7.69 Weeks	250

The institution operates all programs according to the following academic year: 900 clock hours to be completed in 28 academic weeks.

The maximum time allowed for transfer students who need less than the full course requirements or part-time students will be determined based on 80% of the scheduled contracted hours.

Students who have not completed the course within the maximum timeframe will be terminated. Students will be permitted to re-enroll in the program on a cash-pay basis as outlined in the re-enrollment provisions of the institution's admission policy.

ACADEMIC PROGRESS EVALUATIONS

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better (the computer system will reflect completion of the practical assignment as

a 100% rating). If the performance does not meet satisfactory requirements, it is not counted, and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by the school. Students must maintain a written grade average of 75% and pass a FINAL written and practical exam prior to graduation. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the followingscale:

92 - 100	EXCELLENT
84 - 91	VERY GOOD
75 - 83	SATISFACTORY
74 and BELOW	BELOW UNSATISFACTORY

DETERMINATION OF PROGRESS STATUS

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Students will receive a copy of their Satisfactory Academic Progress Determination at the time of each of the evaluations. Students deemed not maintaining Satisfactory Academic Progress may have their Title IV Funding interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation.

WARNING

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory academic progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she may be placed on probation and, if applicable, students may be deemed ineligible to receive Title IV funds.

PROBATION

Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory academic progress while during the probationary period, if the student appeals the decision, and prevails upon appeal. Additionally, only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds.

RE-ESTABLISHMENT OF SATISFACTORY ACADEMIC PROGRESS

Students may re-establish satisfactory academic progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the warning or probationary period.

INTERRUPTIONS, COURSE INCOMPLETES, WITHDRAWALS

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

APPEAL PROCEDURE

If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within ten calendar days. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance. The student must submit a written appeal to the school on the designated form describing why they failed to meet satisfactory academic progress standards, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal documents will be reviewed and a decision will be made and reported to the student within 5 business days. The decision of the school is final. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed and federal financial aid will be reinstated, if applicable.

NONCREDIT, REMEDIAL COURSES, REPETITIONS

Noncredit, remedial courses, and repetitions do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory academic progress standards.

TRANSFER HOURS

With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted.

- Transfer students evaluation periods will be based on actual contract hours at this institution.
